

MORE SPENDING MORE FEDERAL CONTROL

—o— Continued from page 3 —o—

even more in Washington, D.C.; is to send white people out of the city to the suburbs. The effect on property values, on which these high-spending city governments depend for continued taxation, is as yet a rather unknown quantity.

But one thing should be noted. This movement toward integration is based on a supposed right of the Negroes to associate with whites—a right that has been protected and fought for by the Federal Government at the point of the bayonet. But what about the right of the whites to decide with whom they will associate? Is that not as great as the right of the Negro?

In addition to this right of association, which undoubtedly belongs to the whites, but is being flagrantly violated, the figures for crime in all of these cities and probably many more similarly affected, have been growing at an enormous rate; and a high percentage of the crimes committed result in the arrest of Negroes.

Few Republican leaders have yet had imagination or courage enough to oppose this trend. Most of them apparently think the only thing they can do is to compete with the Democrats for minority votes. A high percentage of all white voters stay away from the polls. The ability of the Republicans to carry the new Congress to be elected in November, 1962, may well depend upon whether these leaders have vision enough to forget the minorities and go after the great silent majority whether white or black.

A New Oath

Air Force ROTC cadets apparently will no longer have to believe in God. According to the American Civil Liberties Union, the enlistment oath for cadets has just been amended by the Air Force so that applicants swearing allegiance to the U.S. may eliminate the phrase "so help me God."

They've also replaced the word "swear" by "affirm." We're not sure what the difference is, exactly, though Webster's defines "swear" as a solemn declaration, a little stronger than its definition for "affirm," which is to maintain or assert.

Full credit for the action was taken by the ACLU, an organization which has frequently provided free legal council for American Communists. They said the new ruling resulted from correspondence between Lawrence Speiser, director of the Washington office of the ACLU, and the Air Force, over the case of a University of Maryland student who objected to the religious tone of the oath.

If it would try a little harder, the ACLU could no doubt come up with a student who objected to the entire oath. Isn't it a violation of "civil liberties" to expect an officer in the U.S. Air Force to swear (beg pardon, affirm) allegiance to the country he's supposed to defend?

DR. LOUIS G. REYNOLDS said in the CALIFORNIA JEWISH VOICE of July 5, 1946:—

"I cannot conceive of any Jew in the role of an enemy of the Soviet Union. To me, such a Jew is an unnatural monstrosity, a travesty of everything that is decent and right."

Birch Sprouts Hate: Beame

The John Birch Society was assailed yesterday by Controller Abraham D. Beame as "a splinter of hate embedded in our Democracy."

"Like any other splinter," Beame said at a covenant breakfast of Municipal Lodge, B'nai B'rith, in the Hotel Park Royal, 23 W. 73d St., "it can become a major ailment if it is allowed to fester in darkness. If it is exposed to the healthful fight of public scrutiny it can be isolated and made harmless."

Members of the lodge work in 30 city departments and agencies and reside in all five boroughs.

Why does B'nai B'rith fear the John Birch Society?

"KEEP U.S.A. FIRST"

Republished from—
Cincinnati Inquirer

CINCINNATI—and the entire nation—are indebted to the National Society of the Sons of the American Revolution for reminding us once more of the responsibility of every American citizen to accord his nation's well-being a place of primacy among the loyalties competing for his attention.

The SAR is conducting its campaign through a series of particularly striking red, white and blue billboards carrying the SAR motto, "Keep U. S. A. First." Thirty-five of these posters are being displayed in the Cincinnati area. Thousands more are being sponsored in other American localities by the 267 other chapters of the Sons of the American Revolution.

It is unfortunately true that not all Americans have fully heeded the advice that the SAR is offering in such cogent fashion. This defect is one that cannot be corrected by the installation of 35 billboard messages in Greater Cincinnati. But the SAR campaign to share its slogan with all Americans is an important step to strengthen the nation-wide resurgence of patriotism.

The Cincinnati SAR and its associate chapters across America are to be commended for their significant contribution to strengthening the nation.

- Put On Your Thinking Cap -

In our rocking chairs a'rocking
We sit idle while the shocking
Crimes of Krushchev go unchecked
In a world that's nearly crazy
We feel safe and lazy
Cause we missed the hit direct.
Some who have been to college
Are the last ones to acknowledge
Tis a paradise for fools in which we live.
We have thrown away our money
Til it isn't even funny,
And we have no more to give.

CHORUS

Put on thinking cap and
See the booby trap with
The mistaken bait for you and me,
And if we don't awaken
We shall all be taken
And we'll never more be free.

IT'S MUCH LATER THAN YOU THINK.
OUR FOREFATHERS GAVE US A REPUBLIC. SOME PEOPLE ARE TRYING TO CHANGE IT TO A DEMOCRACY.
LET'S STOP THEM.

No More Power To The Executive

The President is trying to over-ride the Constitution. Write to your Senators and Congressman! Keep writing: Give no more power or money to the Executive.

The President is asking Congress, as no President has ever done, to give up its Constitutional authority to the Executive: to alter taxes as he decides "to stimulate the economy;" to regulate tariffs under his Trade Expansion Act; to use two billion dollars of your money, when and if, at his discretion. He wants to be able to declare a national emergency in a labor dispute without Court order (i.e. to amend the Taft-Hartley Act).

The President has threatened private industries with award or cancellation of Big Government contracts. He has dictated wages and prices.

We don't want a dictatorship, Big Government, bankruptcy, socialism.

We want our free enterprise system, our balanced-power Constitution.

Write the Congress not to renounce its obligations.

Anti-Semitism Charged to Rabbi In West Germany

A Rabbi is accused of anti-Semitism in Dusseldorf, Germany.

The London Jewish Chronicle reports the case of Rabbi Goldstein and his wife, Georgette.

Mrs. Goldstein wrote a book titled "The Story of Rabbi Goldstein in Berlin (1957-1961)" in which the Rabbi was quoted as saying that 22,000 Jews in Germany were trying "for business purposes" to rule over 55 million West Germans.

The Central Council of Jews in Germany and the Union of Jewish Communities in the North Rhineland filed charges of anti-Semitic slander against the Rabbi and his wife in Dusseldorf District Court.

Defense counsel said the book had endeavored only to draw public attention to the fact "that a few Jewish personalities were trying to rule over the entire German-Jewish community."

The court reserved decision on the slander charge and enjoined further publication of the book containing the disputed passages.
